SWITCH TO DILIGENT PLATFORM FOR INCREASED BOARD EFFICIENCY

UPPER MARLBORO, MD – Effective on or around August 1, 2025, The Prince George's County Board of Education will be switching our school board management Software from BoardDocs to the Diligent Platform. Diligent is designed to enhance transparency and increase the use of the district websites, improving timeliness of communication, facilitating quality decision-making, and helping build trust within our community.

The Diligent Community is looking forward to supporting our Board functions and constituents in order to make the most of the platform.

What to expect:

In the coming weeks, we'll start setting up our new site. An implementation specialist will work with the Board of Education office to ensure a smooth transfer process.

If you have any questions or concerns, please feel free to reach out to the office and continue to check the Board of Education website for further updates. Dilligent.com also offers tools and guidance how to navigate the site and utilize the functions.
